Email Received from a Suffolk County, NY School District:

Subject: WELL DONE!!!!

Please pass this along to your staffs.

It would not be totally accurate just to say I am happy with what I found this morning when I went to check up on the work progress at [REDACTED]. It would be more accurate to say I am thrilled. Well done everyone.

For us to be able to open for Town Of [REDACTED] summer camp [REDACTED] this morning with no signs of the abatement process in the building was more than I would have any reason to hope for.

I tell everyone, that I choose the contractors that I can, because they make me look good – both Branch and [REDACTED] certainly did that this weekend. And I have a mirror, so I know how difficult that is.

Mark M [REDACTED]
